Recommended Use	424-9300. Leather Coloring.

#### **SECTION 02: HAZARD IDENTIFICATION**

Hazard Classification: Physical Hazards. Gases Under Pressure - Liquefied Gas. Flammable Aerosols - Category 2.   Health Hazards. Eye Damage/Irritation - Category 2. Crcinogenicity Category 1. Germ Cell Mutagenicity - Category 1. Specific Target Organ Toxicity, Repeated Exposure - Category 1. Specific Target Organ Toxicity, Single Exposure Category 3.   Environmental Hazards. Hazardous to the equatic environment, acute hazard Category 3. Hazardous to the aquatic environment, iong-term hazard Category 3.   Label Elements: DANGER.   Signal Word. H223:Flammable aerosol. H372:Causes damage to organs through prolonged or repeated exposure. H336:May cause respiratory irritation. H350:May cause cancer. H336:May cause genetic defects. H280:Contains gas under pressure: may explode if heated (1). H229:Pressurized container: may burst if heated (1). H319:Causes serious eye irritation. H36:May cause drowsines: disclosed. B461:Suppected of damaging fertility or the unborn child. Toxic to aquatic life with long lasting effects.   Precautionary Statements: P210:Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P251:Do not pierce or burn, even after use. P260:Do not breath dust furme/gas/msit/ vapours/spray. P270:Do not eat, drink, or smoke when using this product. P211:Do not spray on an open flame or other ignition source. P271:Use only outdors or in a well-ventilated area. P203: Obtain, read and follow all safety instructions before use. P280:Weap rotective cluthing/ eye protection. P264:Wash hand thoroughly after handling. P318: If exposed or concrend, get medical help. P304+P340:IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

#### SAFETY DATA SHEET

#### PRODUCT: 29610\_Royal Blue BCS 127g/4.5oz

#### **SECTION 03: COMPOSITION / INFORMATION ON INGREDIENTS** Propane 74-98-6 10-20 Xylene 1330-20-7 5-10 Propylene Glycol Methyl Ether Acetate 108-65-6 1-5 Ethyl Benzene 1000-41-4 1-5 Methyl Ethyl Ketone 78-93-3 1-5 **Titanium Dioxide** 13463-67-7 0.1-1 Other Ingredient(s) 5-10

# SECTION 04: FIRST-AID MEASURES

Inhalation	If inhaled, remove to fresh air. If not breathing, give artificial respiration and obtain
Eye Contact	immediate medical assistance. Check for and remove contact lenses. Immediately flush eyes with water for a minimum of 15 minutes keeping eyelids open. Consult a doctor if any irritation occurs. Get medical attention if irritation persists.
Skin Contact	Remove contaminated clothing. Launder clothing before reuse. Wash thoroughly with soap and lukewarm water. If irritation occurs consult with your doctor.
Ingestion	Not likely to be ingested. If occurs, do not give anything by mouth to an unconscious
Most important symptoms/effects, acute and delayed	person. Do not induce vomiting, get medical attention. Obtain medical advice. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Direct contact with eyes may cause temporary irritation. Vapors have a narcotic effect and may cause headache, fatigue, dizziness and nausea. May cause redness and pain.
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically. In case of shortness of breath give oxygen. Keep victim warm. Keep victim under observation. Symptoms may be delayed.

## **SECTION 05: FIRE-FIGHTING MEASURES**

Suitable Extinguishing Media Unsuitable Extinguishing Media Specific Hazards Arising from the Chemica	
Special Protective Equipment and Precautions for Firefighters	flame. Firefighters must use standard protective equipment including flame retardant coat, helmet with water to prevent vapor pressure build up. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Remove undamaged containers from
General Fire Hazards	immediaté hazard area if it is safe to do. Extremely flammable aerosol.

## SECTION 06: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures	Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment (see Section 08).
Methods and Materials for Containment and Cleaning Up	Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local/national regulations (see section 13). Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has
Environmental Precautions	caused environmental pollution (sewers, waterways, soil or air). Keep out of drains, sewers, ditches, and waterways. Minimize use of water to prevent environmental contamination.

# SECTION 07: HANDLING AND STORAGE

Precautions for Safe Handling	Pressurized container: Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material. Do not smoke while using or until sprayed surface is thoroughly dry. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose empty containers to heat, sparks or open flames. Avoid contact with eyes, skin, and clothing. Wash thoroughly after handling . Wear appropriate protective equipment.
Conditions for Safe Storage including any Incompatibilities

Appropriate Engineering Controls		Local exhaust ventilation required to maintain the point of use below the Threshold Limit Value if unprotected personnel are involved. Ground all equipment and cylinders before use.			
Individual Protection Measures: Eye/Face Protection Skin Protection Respiratory Protection Thermal Hazards General Hygiene Considerations		Prevent eye contact, wear safety glasses in the event that eye contact is possible. Chemical resistant gloves are recommended. Avoid contact with the skin. Wear appropriate chemical resistant clothing. Use approved NIOSH respirators for emergencies. When necessary, wear appropriate thermal protective clothing. When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment prior to use.
