SECTION 04: FIRST-AID MEASURES

| Inhalation | If inhaled, remove to fresh air. If not breathing, give artificial respiration and obtain |
|--|---|
| Eye Contact | immediate medical assistance. Check for and remove contact lenses. Immediately flush eyes with water for a minimum of 15 minutes keeping eyelids open. Consult a doctor if any irritation occurs. Get medical |
| Skin Contact | attention if irritation persists. Remove contaminated clothing. Launder clothing before reuse. Wash thoroughly with soap and lukewarm water. If irritation occurs consult with your doctor. |
| Ingestion | Not likely to be ingested. If occurs, do not give anything by mouth to an unconscious |
| Most important symptoms/effects, acute and delayed | person. Do not induce vomiting, get medical attention. Obtain medical advice. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Direct contact with eyes may cause temporary irritation. Vapors have a narcotic effect and may cause headache, fatigue, dizziness and nausea. May cause redness and pain. |
| Indication of immediate medical attention and special treatment needed | Provide general supportive measures and treat symptomatically. In case of shortness of breath give oxygen. Keep victim warm. Keep victim under observation. Symptoms may be delayed. |

SECTION 05: FIRE-FIGHTING MEASURES

| Suitable Extinguishing Media Unsuitable Extinguishing Media Specific Hazards Arising from the Chemica | |
|---|---|
| Special Protective Equipment and Precautions for Firefighters | flame. Firefighters must use standard protective equipment including flame retardant coat, helmet with water to prevent vapor pressure build up. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Remove undamaged containers from |
| General Fire Hazards | immediaté hazard area if it is safe to do. Extremely flammable aerosol. |

SECTION 06: ACCIDENTAL RELEASE MEASURES

| Personal Precautions, Protective Equipment and Emergency Procedures | Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment (see Section 08). |
|--|--|
| Methods and Materials for Containment and Cleaning Up | Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local/national regulations (see section 13). Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has |
| Environmental Precautions | caused environmental pollution (sewers, waterways, soil or air). Keep out of drains, sewers, ditches, and waterways. Minimize use of water to prevent environmental contamination. |

SECTION 07: HANDLING AND STORAGE

| Precautions for Safe Handling | Pressurized container: Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material. Do not smoke while using or until sprayed surface is thoroughly dry. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose empty containers to heat, sparks or open flames. Avoid contact with eyes, skin, and clothing. Wash thoroughly after handling . Wear appropriate protective equipment. |

| Individual Protection Measures: Eye/Face Protection Skin Protection Respiratory Protection Thermal Hazards General Hygiene Considerations | | Prevent eye contact, wear safety glasses in the event that eye contact is possible. Chemical resistant gloves are recommended. Avoid contact with the skin. Wear appropriate chemical resistant clothing. Use approved NIOSH respirators for emergencies. When necessary, wear appropriate thermal protective clothing. When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment prior to use. | | | |
